Elaine,

I think we may have this report, so let me know if you can't get it elsewhere.

Elizabeth -

Thks for your note. Please don't spend too much time, really. I think what we have is serviceable.

Hi Elaine

We will look for another map that may be more useful. If not, we can try to mark up the one we sent you. I am in today, but out on Friday. Rob Leidy will be in the office on Friday and is available from 9 am – noon (PT). Rob is our wetlands expert and technical lead on the Rosemont Mine. His number is 415-972-3463.

Elizabeth –

Thanks for the clarification on where which impacts are predicted to be. Now that we know that the blue areas you mentioned are direct that should be fine.

If at some point you have time to update the map, that would be helpful. We can make sure that any CEQ mtgs use that map as their reference. I suspect you are running around over busy, so do not want to put more work on your plate.

Are you in on Friday? If so, perhaps we could chat for about 15 minutes. I am here until 7 EST.

Regards, E...
